

J-Economy, J-Corporation and J-Power since 1990

From Mutual Gain to Neoliberal Redistribution

Enno Berndt

List of Charts

Chart 1.1	Real GDP of the world and Japan (in 2010 USD)	15
Chart 1.2	Labour productivity as GDP per hour worked (in USD)	15
Chart 1.3	WEF- and IMD-World competitiveness rank of Japan	17
Chart 1.4	Population of Japan by age groups and average age (CY)	17
Chart 1.5	Loans of banks by collateral and borrowers in Japan (CY)	22
Chart 1.6a	Land price average and related lending in Japan (CY)	23
Chart 1.6b	Stock price average and related lending in Japan (CY)	23
Chart 1.7	Outstanding bank loans and annual growth rate (CY)	24
Chart 1.8	Corporate bankruptcies and defaulted liabilities in Japan (CY)	25
Chart 1.9a	Unemployment rate in Japan (% , CY)	25
Chart 1.9b	Suicides in Japan (CY)	26
Chart 1.10a	Total capital gain/loss on stocks and land in Japan vs. 1989 (2011 Base, 2008 SNA, CY)	26
Chart 1.10b	Annual capital gains or loss on holdings of land and stocks in Japan (in trillion JPY)	27
Chart 1.11	Flow of funds in Japan by main sectors (FY1980-2017)	29
Chart 1.12	Government budget general account in Japan (FY)	30
Chart 1.13	Assets of saving banks (FY, excluding derivatives, foreign investments, non-performing assets)	30
Chart 1.14a	Real and nominal GDP of Japan (CY)	32
Chart 1.14b	Real GDP annual growth rates of G7 (% vs. previous year)	32
Chart 1.15	Macro labour ratio in Japan (FY)	34

Chart 1.16a	Total general government gross and net debt of Japan as % of nominal GDP (FY)	34
Chart 1.16b	Central and local government long-term debt (FY) and 10 year-JGB-yield (CY)	35
Chart 1.17a	Stock of Japan government bonds (JGB) by holders (FY)	36
Chart 1.17b	BOJ asset volume, JGB and asset/nominal GDP (CY)	36
Chart 1.18a	Japanese exports and JPY exchange rates (CY)	38
Chart 1.18b	Payment balance of Japan (CY)	38
Chart 1.18c	Terms of trade (export/import prices, 2000=100)	39
Chart 1.19	Consumer price change and GDP deflator (y-y %)	40
Chart 1.20a	Estimations of cross-holding ratio of listed companies in Japan (% , end of FY)	42
Chart 1.20b	Composition of stock holdings by investors in Japan (FY, issued shares in %)	42
Chart 1.21a	Employee household income and consumption expenditures in Japan (CY)	44
Chart 1.21b	Composition of employee household expenditures in Japan (CY)	44
Chart 1.22a	Real wages (CY) and net profits (FY) index in Japan (2010=100)	45
Chart 1.22b	Labour cost, compensation and productivity in Japan	46
Chart 1.23	Employees in Japan by types of employment	48
Chart 1.24a	Macro income distribution in Japan (FY, SNA 2008)	48
Chart 1.24b	Capital and employment income vs. production output and growth of private capital expenditures in Japan (CY)	49
Chart 1.25	Tax revenue and corporate income tax in Japan (FY)	51
Chart 1.26	Return on net assets of big corporations with more than 1 billion JPY capital (RONA) and return on private households financial assets (ROPHFA) in Japan (FY, in %)	51
Chart 1.27a	Macro saving rate, average and median of savings of employee households with 2 persons and more in Japan	53
Chart 1.27b	Median savings, debt, net savings (debt) as % of average income of employee households with 2 persons and more in Japan	53
Chart 1.27c	Insolvencies of natural persons in Japan (FY)	54

Chart 1.27d	Share of households in Japan without financial assets (%)	54
Chart 1.28a	Recipients of social welfare in Japan (CY)	55
Chart 1.28b	Poverty rate in Japan (% of households with less than 50% of median disposable annual income per person)	55
Chart 1.28c	Number of taxpayers in Japan with high taxable income	56
Chart 1.28d	Gini coefficient for income and assets in Japan	57
Chart 1.29	Balance sheet composition of Japanese corporations (all sizes, excluding financials)	57
Chart 1.30	Foreign direct investment into and from Japan (Flow, CY)	59
Chart 1.31	Global market shares of Japan or Japanese firms (%)	61
Chart 1.32	Trend of Japan's CO ₂ emissions (CY, in million tons)	61
Chart 2.1	Share of corporations with capital of 1 billion JPY and more (FY, %)	66
Chart 2.2	Diffusion rate of durable household goods in Japan (as of March CY, % of all households with two and more persons)	74
Chart 2.3	Breakdown of return on net assets (RONA) at large Japanese corporations (all industries excluding financial and insurance, capital of 1 billion JPY and more, FY)	77
Chart 2.4	Labour cost/sales ratio at Japanese corporations (FY)	79
Chart 2.5	Labour ratio (labour cost/value added) at Japanese corporations (FY)	79
Chart 2.6	Value added/sales ratio at Japanese corporations (FY)	80
Chart 2.7	Dismissal rate at Japanese corporations (dismissals/permanent workforce × 100, in %, CY)	83
Chart 2.8	Employment by status in Japan (FY)	84
Chart 2.9	Change of added value components at Japanese corporations of all industries with capital more than 1 billion JPY (in billion JPY, FY)	86
Chart 2.10a	Breakdown of added value by stakeholders at Japanese corporations of all industries with capital of more than 1 billion JPY (FY)	87
Chart 2.10b	Dividend pay-out ratio (dividends/net profits) and dividend rate (dividends/capital) at large corporation in Japan with capital of 1 billion JPY and more (both in %, FY)	88

Chart 2.11a	Amounts of dividends and share buy-backs by listed corporations (TOPIX) in trillion JPY and ratios as % of net profits (FY)	88
Chart 2.11b	Dividends and share buy backs as % of net profits at TOPIX (Japan) and S&P 500 (US) composite corporations	89
Chart 2.12	ROE of Nomura Research Institute (NRI) 400 and Standard & Poors (S&P) 400/500 composite companies (in %)	90
Chart 2.13a	Balance sheet composition of Japanese corporations(excluding financial and insurance industry, capital of 1 billion JPY and more, FY)	94
Chart 2.13b	Amounts of dividends and share buy backs vs. equity capital raised by listed corporations (TOPIX) in trillion JPY (FY)	94
Chart 2.14a	M&A transactions with Japanese companies involved and investment shares as % of total assets of large corporations	96
Chart 2.14b	Total M&A transaction volume with Japanese companies involved (in trillion JPY)	96
Chart 2.15	Average holding period of domestically listed shares (years)	98
Chart 2.16a	Number of Japanese listed firms paying single executives more than 100 million JPY, number of those executives and the total amount paid to them	100
Chart 2.16b	Average payment of employees (A) and executives (B) with more than 100 million JPY at Japanese listed firms	100
Chart 2.17a	Total number of recalled cars in Japan from Toyota, Honda and Nissan in 6-year periods from 1992-2015	106
Chart 2.17b	Number of Deming Prize winning firms	107
Chart 2.18a	Irregular accounting cases at listed corporations in Japan by main culprit (FY)	110
Chart 2.18b	Number of listed companies with executive stock option and stock compensation plans in Japan	111
Chart 2.19	Weight of employee owned stocks (ESOP) in Japan	117
Chart 2.20a	Self-employed persons with and without employees and their weight as % of all employed persons in Japan (CY)	119
Chart 2.20b	Rate of business entries and exits in Japan (in % of the previously registered total stock)	119
Chart 3.1	Heavy earthquakes in and around Japan (CY)	123

Chart 3.2	Stock of NPR and generating capacity in Japan (CY)	125
Chart 3.3	Reported troubles, safety and other issues at Japanese NPP/NPRs (CY)	125
Chart 3.4a	Electric power generating capacity in Japan (as of end of FY) by energy source (MW, left) and share of nuclear capacity (% , right)	133
Chart 3.4b	Composition of generating capacity in Japan by energy source (as of end of FY)	133
Chart 3.5a	Installed electric power generating capacity (as of end of FY) at general utilities by source (MW, left) and share of nuclear capacity (% , right)	134
Chart 3.5b	Composition of installed electric power generating capacity at general utilities by energy source (as of end of FY)	134
Chart 3.6a	Power generation promotion tax income in Japan (since FY 2007: 0.375 Yen/kWh, in billion JPY, FY)	139
Chart 3.6b	Released central government's budget volume for promotion and R&D of nuclear power in Japan (in billion JPY, FY)	139
Chart 3.7	Number of NPRs in Japan by start of operation (ex. Tōkai and Monju, CY)	141
Chart 3.8a	NPRs planned or under construction as of 1 July 2010 (n = 208 (59 + 149))	142
Chart 3.8b	NPRs planned or under construction as of 1 February 2018 (n = 220 (57 + 163))	143
Chart 3.9	Worldwide annual NPR start-ups and shutdowns	145
Chart 3.10	NPRs in operation or under construction by plant builder (worldwide n = 507, as of 2017/12/31, in brackets: no. of reactors)	147
Chart 3.11a	Estimation of nuclear power plant business sales and weight of total sales at Mitsubishi Heavy, Toshiba, Hitachi (FY)	147
Chart 3.11b	Nuclear power related expenditures of utilities, sales of vendors and employees of utilities and vendors in Japan (FY)	148
Chart 3.12a	Annual commercial electricity generation (ex. in-house, including FIT) in Japan by energy source and related share of NPPs (FY)	150
Chart 3.12b	Composition of commercial electricity generation in Japan by energy source (excluding in-house, including FIT, FY)	151
Chart 3.13	Newly installed capacity and number of hydro-pumped storage plants in Japan by start of operation (CY)	152
Chart 3.14	Electric power consumption in Japan (excluding self-production)	153

Chart 3.15a Capacity peaks by maximum day and hours in Japan (regional monopolies/FEPC, GW)	154
Chart 3.15b Sold electric power by month in Japan (regional monopolies/FEPC, in TWh, FY)	155
Chart 3.16 Utilization rate of electric power generating capacity by source of energy in Japan (regional monopolies/FEPC, vs. 8760 h/a in %, FY)	156
Chart 3.17 Volume of nuclear waste in Japan (end of FY)	171
Chart 3.18 Stock of nuclear fuel in Japan (end of CY, data for 1996, 1998-2000 not released)	171
Chart 3.19 Electricity demand by provider and customer groups and state of regulation in Japan (including self-production and self-user, TWh/a, FY)	186
Chart 3.20a Electricity retail prices and sales by firms and households (FY)	188
Chart 3.20b Electricity sales weight and electricity consumption weight of private households and firms in Japan (FY)	188
Chart 3.21 Regulated business yield (A), market-based refinance rate (B), average interest rate and dividend yield (until 1995: 50 equity/50 debt, up from 1996: 30/70)	190
Chart 3.22a ROE drivers for FEPC-member firms (regional monopolies) in Japan (FY1970-1999)	190
Chart 3.22b ROE-drivers for FEPC-member firms (regional monopolies) in Japan (FY1999-2017)	191
Chart 3.22c ROE-Drivers for FEPC-member firms (regional monopolies) in Japan (1970 = 1, FY)	192
Chart 3.23 Capital expenditures (CAPEX) of FEPC-member firms (FY)	193
Chart 3.24 Refinancing of investments by FEPC-firms (flow) and FEPC-firms share of corporate bonds and credits in Japan (Stock) (FY except 2017)	194
Chart 3.25a Shares in 10 regional monopolies by investors as of 31 March 2011 (weighted with market capitalisation as of February 2012)	196
Chart 3.25b Shares in 10 regional monopolies by investors as of 31 March 2018 (market capitalisation weighted as of April 2018, government's holding of preferred TEPCO stocks included)	196
Chart 3.26 CO ₂ emissions in power generation by source of energy or plant type in Japan (by CRIEPI as of 2009, kg/kWh)	200

Chart 3.27a	CO ₂ -emissions of electric power generation after credits and their weight on total CO ₂ -emissions of Japan (CY)	201
Chart 3.27b	Annual commercial electricity generation (excluding in-house) by energy source and its total annual CO ₂ emissions after credits in Japan	202
Chart 3.28	Share of nuclear and hard coal power generation and CO ₂ emission/generated electric power after credits in Japan	202
Chart 3.29a	Nuclear share in power generation (vertical, average 1990-2009 in %) and Green House Gas (GHG) emissions 2009/1990 (horizontal, 1 = 1990)	204
Chart 3.29b	Nuclear share in power generation (vertical, 2015 in %) and GHG emissions 2015/1990 (horizontal, 1 = 1990)	204
Chart 3.30a	Number of commercial NPRs and capacity until 2011, decommissioning after 40 years of operation and without new reactors (CY)	209
Chart 3.30b	Number of commercial NPRs and capacity until 2011, decommissioning after 30 years of operation and without new reactors (CY)	209
Chart 3.30c	Number of commercial NPRs and capacity until 2011, decommissioning after 20 years of operation & without new reactors (CY)	210
Chart 3.31	Installed non-NPR capacity (incl. self-producers, FIT) and demand peak in Japan (FY, GW)	211
Chart 3.32a	Fuel mass volume and fuel cost for 1 GW/a at prices as of March 2017	215
Chart 3.32b	Book value of nuclear plants and fuels as share of total assets at FEPC firms(excluding Okinawa's electric power and Japan's atomic power company, end of FY)	215
Chart 3.32c	Nuclear plants and fuels as share of total assets by FEPC firms (excluding Okinawa's electric power and Japan's atomic power company, as of end of FY2016)	216
Chart 3.32d	Sold electricity (households/wholesale) and price raise needed to buy out and write off all nuclear assets over 5 years by FEPC firms	216
Chart 3.33	Number of municipalities with sustainable electricity and energy in Japan	217
